## Masterclass in Epilepsy Surgery: Advanced Case-Based Approach

We warmly welcome you to this Advanced Case-Based Epilepsy Surgery Workshop, a unique academic forum bringing together premier epilepsy centers from across India. This interactive, discussion-driven workshop is designed to explore the most challenging aspects of epilepsy surgery through real-life cases. Participants will engage with national and international experts and peers to navigate dilemmas in presurgical evaluation and surgical decision-making.

The workshop will cover broad areas in epilepsy surgery including surgery in lesional and non-lesional temporal epilepsy, eloquent cortex surgery, insular and peri-sylvian epilepsies, surgery in epilepsia partialis continua and bi-occipital epilepsy, hemispheric surgeries, and epilepsy surgery failures. Special emphasis will be placed on evolving role of SEEG including its indications and limitations.

Join us for a hands-on learning experience, rich case-based discussion, and collaborative exchange aimed at enhancing your surgical confidence in epilepsy care.

### Highlights

- ❖ Interactive case discussions led by internationally renowned epileptologists
- ❖ Complex Case Reviews from diagnostics to surgical decision-making.
- ❖ Multidisciplinary Insights
- ❖ Latest surgical Techniques & Outcomes

#### Expert Faculty

**Prof. K. Radhakrishnan**, Trivandrum  
**Prof. P. Sarat Chandra**, New Delhi  
**Prof. A. V. Alexopoulos**, USA

#### Convenors

**Dr. Chaturbhuj Rathore**, Vadodra  
**Dr. Siby Gopinath**, Kochi  
**Dr. Lakshminarayanan K**, Chennai

TIME	TOPIC	SPEAKER
